

## UC WMRC Visitor Requirements Checklist

- 7-14 days pre-trip monitoring and/or negative test result
- Documentation from institution approving research and field plans or educational plans/Letter from Chair or Head of Department.
- A COVID-19 safety/evacuation plan
- Signed WMRC waiver of liability from each individual
- Signed WMRC Agreement to Terms of Use from each individual
  
- *Full vaccination at least 14 days prior to arrival is strongly recommended, but not currently required. Please carry vaccination cards.*

### **Groups submitting as family units must meet the following criteria in addition to above requirements:**

- Please keep group size as small as possible to achieve your research/educational goals.
- Individual monitoring for 14 days, with reduced risk of exposure by limiting outside household activities and **a negative Covid-19 test immediately prior to arrival.**
- Have avoided non-masked and non-socially distanced interactions with people outside the unit.
- Have NO Covid-19 symptoms
- All members must agree to be part of the family unit
- Approval must be granted by home institution to be considered a family unit
- Approval from WMRC that all above criteria are met

**Alternatively, groups in which ALL members can prove full vaccination at least 14 days prior to arrival will be considered a family unit. Copy of vaccination card presented with Agreement to Terms of Use from each person.**
